

## All Terrain Pioneers

ATP is an 8 week program for participants ages 6-17. It is designed for **green to black ability level** skiers and snowboarders. This means that participants must, at a minimum, be able to easily link turns with speed control on green runs and be able to ski or snowboard all day. They will continue to experience all aspects of skiing and snowboarding including bumps, tree skiing, racing, terrain parks, and the half pipe as their skill level improves. Full day classes meet once per week for 8 weeks. Participants must be of age by the first day of class. Space is limited and classes are filled first come, first served.
